 - Director
 - Update positions:
 - Sports director for each sport - Modify to one person to be the director both boys and girls sports. Do not need one person for each. Probably need to have co-directors at some level for each sport to keep accountability and transparency. So there is two points of contact for checks and balances. Then you are always training someone, just in case someone leaves.

 - Make a very small amount of money
 - Good stewardship opportunity
 - Should we leave the gym unattended with no monitor?
 - This year going to allow other schools to use the gym without a SAR person present, but require the other teams to name a responsible adult for the time that they are playing in our gym who will take responsibility for any issues that may come up without a SAR individual present
- Need to look at hiring adult officials
 - More for the purpose of having a responsible adult in the gym that is a representative of SAR
 - Concern about younger officials getting berated by coaches from other teams
 - Need to look at increasing pay - specifically to adults interested in officiating
 - Get information from Mike about the adult basketball officials who were used and where he was able to locate them
